MEMORANDUM FOR: Project Director

SUBJECT : Visit of Dr. Rod Scott and [REDACTED]  
of Perkin-Elmer Corporation to Headquarters  
on 29 January 1958

1. Rod is planning to visit us the morning of Wednesday, 29 January 1958. I am sure that you will want to discuss with Rod one or more of the following subjects:

a. Rod's role in Project affairs during the next several months and for the GUSTO program. Your visit with [REDACTED] this afternoon may throw some light on this area.

b. Rod's trip overseas with the team being set up to monitor detachment photo equipment performance on the spot. This team is now tentatively scheduled to depart about 1 March.

c. Rod's proposal to build a breadboard camera for possible GUSTO use.

d. Status of B camera modifications.

e. Status of C camera development.

2. Will you advise whether you will have time during Wednesday to see Rod? If so, I believe [REDACTED] should participate in certain portions of a meeting between you and Rod since he has been checking out Rod's proposal with [REDACTED] and is also making the arrangements for the overseas trip.
